East: C-4/sc (Commercial with a special contract)/ I-10
West: R-3A and M-1/sc (Residential and Manufacturing with a special contract)/ Vacant

THE PLAN FOR EL PASO DESIGNATION: Residential and Industrial

APPLICATION DESCRIPTION

The applicant is proposing development of 55 residential lots with the smallest being 5,070 square feet and the largest approximately 14,750 square feet in size. Also proposed is an 11-foot meandering hike and bike trail, and common open space which will be privately owned and maintained. City Vested rights have been granted to this subdivision. The applicant will utilize section 19.08.010.C from the current subdivision code which allows the developers engineer to design and submit the water and wastewater plans. The applicant is also proposing the following modifications:

- To allow for a 50-foot right of way with 4-foot parkways and 5-foot sidewalks with 32 feet of pavement.

CASE HISTORY

This subdivision was part of a preliminary plat submission on May 7, 2008.

This subdivision is part of La Puerta Del Sol Land Study that was approved by the City Plan Commission on September 23, 2010.

Sunset Terrace Unit Four was approved on a Resubdivision Preliminary basis by the City Plan Commission on December 16, 2010.

Sunset Terrace Unit Four was approved as a Resubdivision Combination basis by the City Plan Commission on September 8, 2011

CURRENT REQUEST

The recording maps were not submitted within the six month requirement per section 19.08.060 (H). The application has been resubmitted on a re-subdivision combination basis. There have been no changes from the previous submittal. The application conforms to the approved land study.

Development Coordinating Committee

The Development Coordinating Committee recommends **approval** of the modifications based on reason #3 from section 19.04.170.A of the previous subdivision code and **approval** of Sunset Terrace Unit Four on a **Resubdivision Combination** basis.

Planning Division Recommendation

Approval with modifications. In this case the applicant has demonstrated an alternative method of development to include a hike and bike trail, a pedestrian right-of-way and 5' sidewalks. This alternative method of development will improve the aesthetic value of the subdivision while giving equal emphasis to safety, and pedestrian passage.

City Development Department - Land Development

No objections.

City Development – Transportation

1. Sidewalks are required on TXDOT ROW.

The following comments are provided:

1. TXDOT approval is required for access and improvements to Desert Boulevard South.
2. Temporary breakaway guard posts with retro-reflective end of road markers or Type III barricades shall be required at the end of Bellwoode, Berringer, and Westfield.
3. All existing and/or proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall follow the City of El Paso Design Standards for Construction and be ADA/TAS compliant.

El Paso Water Utilities

We have reviewed the subdivision referenced above and provide the following comments:

1. The subject property is located within the City of El Paso Westside Impact Fee Service Area. Impact fees will be assessed by the City of El Paso at the time of platting and collected by EPWU prior to the issuance of a Building Permit.
2. During the site improvement work, the Owner/Developer shall safeguard the existing water and sanitary sewer mains and appurtenant structures located within the subdivision. The Owner/Developer shall minimize changes in grade above or near the vicinity of the existing PSB facilities and is responsible for the costs of setting appurtenant structures to final grade.
3. The Owner/Developer has entered into a Development Agreement with the El Paso Water Utilities – Public Service Board (EPWU-PSB) to construct the proposed water and sanitary sewer mains to provide service to the subdivision. The Developer's utility contractor is installing the required water and sanitary sewer mains. These mains are not available for permanent service until EPWU-PSB issues a Letter of Final Acceptance of the facilities.

EPWU Comments

Water:

4. There is an existing 60-inch diameter water transmission main located along Desert South Boulevard. No direct service meter connections are allowed to this 60-inch water main as per the El Paso Water Utilities-Public Service Board Rules and Regulations. The Owner/Developer shall minimize any grading above or near the existing 60-inch diameter water transmission main.
5. The subject property will be located within an intermediate pressure zone. Pressure reducing and pressure relief valves will be required within the water distribution system. In addition, private water pressure regulating devices will be required at the discharge side of each water meter. The Owner/Developer shall include in the sale of contract documents that the lot/home buyer shall acquire ownership of the above-described water pressure regulating devices to be located at the discharge side of the water meters. Additionally, the lot/home buyer shall be responsible for the operation and maintenance of the above-described privately-owned water pressure regulating devices.

Sanitary Sewer:

6. There is an existing 24-inch diameter sewer gravity force main along the existing 40-foot wide PSB easement/ROW. Also, there is an existing 8-inch diameter sanitary sewer main along the above mentioned 40-foot easement/ROW that starts just east of the western property line of Lot 11 and continues west along Bellwood Drive, then south along Berringer Road to connect to an existing main along Nordstrom Avenue.

General:

7. All easements dedicated for public water and sanitary sewer facilities shall comply with the EPWU-PSB Easement Policy. The PSB easements shall be improved to allow the operation of

EPWU maintenance vehicles. EPWU-PSB requires access to the proposed sanitary sewer facilities within the easement 24 hours a day, seven (7) days a week.

Parks and Recreation Department

We have reviewed **Sunset Terrace #4**, a resubdivision combination plat map and offer Developer / Engineer the following comments:

Please note that this subdivision is composed of **57** (R-3A/sc) Single-family dwelling lots and applicant is proposing to dedicate an eleven feet (11') wide Hike/Bike trail for a total of **0.18 acres**.

Based on the following calculations, applicant shall be required to dedicate the **0.18 acres** of Hike/Bike Trail & pay park fees in the amount of **\$6,600.00** in order to comply with the minimum parkland requirements:

57 lots, vested under the "old" ordinance at a rate of 1-Acre/200 Units = **0.29 Acres**
Credits for Dedication of Hike/Bike Trail with-in E.P.E.Co. Easement = **(-) 0.18 Acres**
Parkland balance = 0.11 Acres
Parkland balance of 0.11 Acres at a rate of 1-Acre/200 Units = 22 dwelling units
22 dwelling units at a rate of \$300.00 per dwelling unit (old ordinance) = **\$6,600.00**

We offer the following **informational comments** to assist Applicant in the design of the new Park's construction drawings.

1. Construction of the Hike & Bike trail shall be in accordance with the City of El Paso Park Design and Construction Standards as adopted by Council on June 03, 2008
2. Parks Department request that any "sloped areas" & 20' beyond each way be provided with the construction of a 24" high stem wall (from high side) to minimize erosion and wash-outs onto the trail.

Recommend for all areas beyond the proposed Hike/Bike trail to remain undisturbed.

Additional Requirements and General Comments:

1. Submit to the Planning and Economic Development Department – Planning Division the following prior to recording of the subdivision.
 - a. Current certified tax certificate(s)
 - b. Current proof of ownership
 - c. Release of access document, if applicable
 - d. Set of restrictive covenants, if applicable
2. Every subdivision shall provide for postal delivery service. The subdivider shall coordinate the installation and construction with the United States Postal Service in determining the type of delivery service for the proposed subdivision. In all cases, the type and location of delivery service shall be subject to the approval of the United States Postal Service.
3. This property is subject to impact fees. The table and respective language shall be included on the face of the final approved and recorded plat. Impact fees shall be calculated based on the table below:

Chapter 395 of the Texas Local Government Code authorizes the City of El Paso to adopt and impose water and wastewater impact fees. This plat note fulfills an obligation mandated by Chapter 395 and sets the assessment of the impact fees in accordance with the impact fee schedule adopted by City Council as set forth below. The collection of the impact fee for this subdivision shall be prior to the time a building permit is issued if development is within the city limits or at the time of the meter connection if development is outside the city limits.

Westside Service Area

Meter Size	Meter Capacity Ratio	Water*	Wastewater
Less than 1 inch	1.00	\$ 659.00	\$927.00
1 inch	1.67	\$1,101.00	\$1,548.00
1½ inch	3.33	\$2,195.00	\$3,087.00
2 inch	5.33	\$3,514.00	\$4,941.00
3 inch	10.00	\$6,593.00	\$9,270.00
4 inch	16.67	\$10,990.00	\$15,453.00
6 inch	33.33	\$21,973.00	\$30,897.00
8 inch	53.33	\$35,158.00	\$49,437.00
10 inch	76.67	\$50,545.00	\$71,073.00
12 inch	143.33	\$94,490.00	\$132,867.00

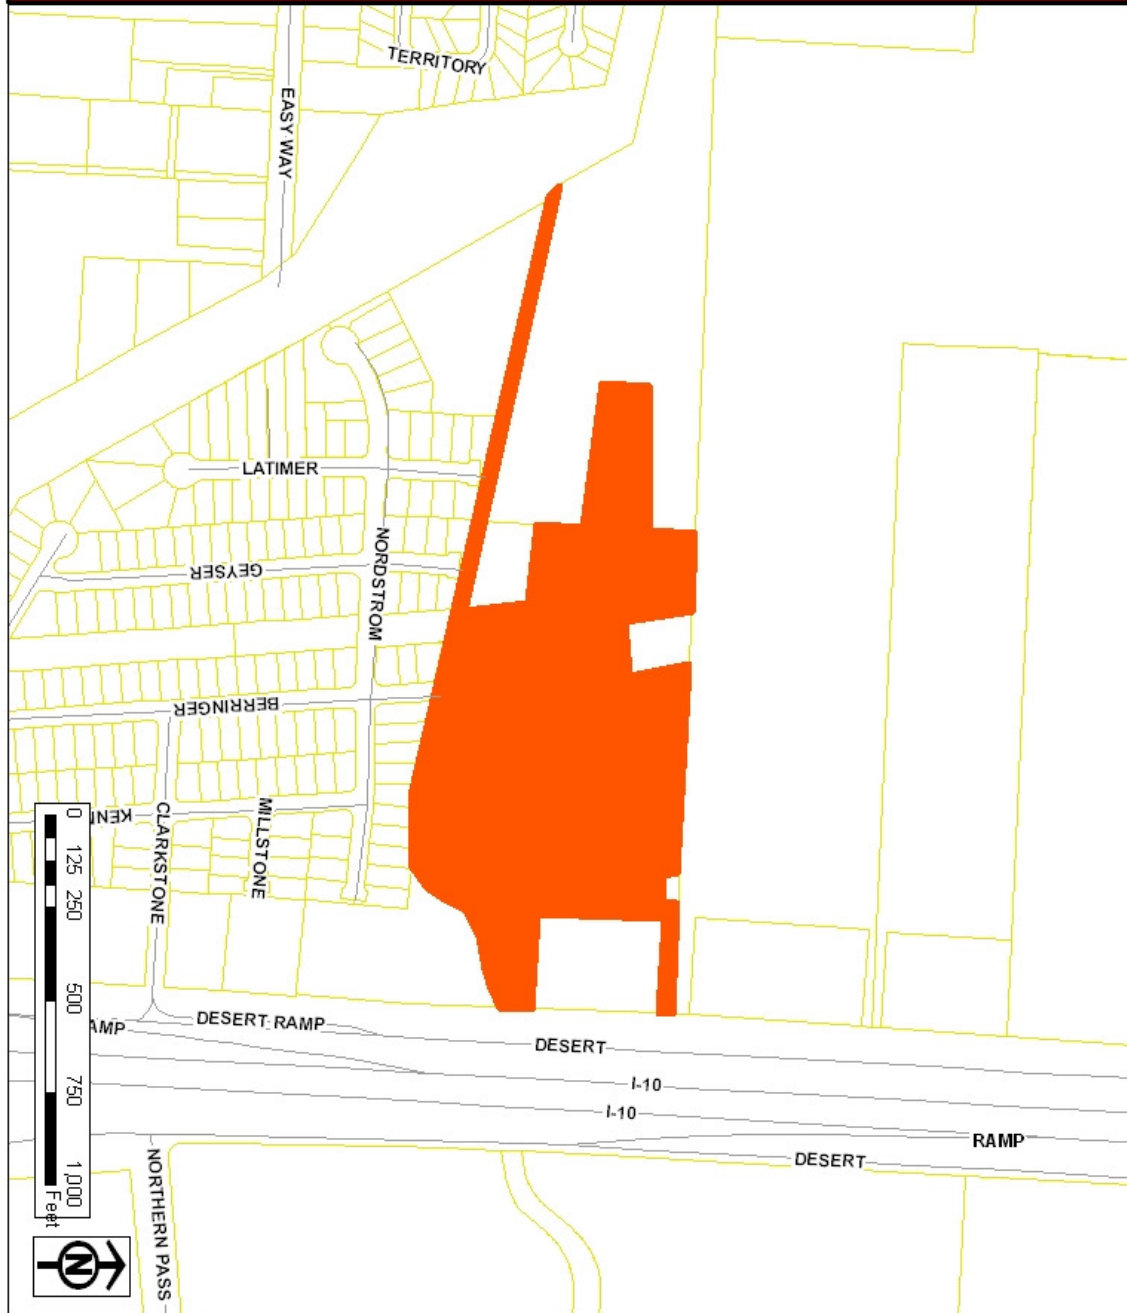

***Fees do not apply to water meter or connections made for standby fire protection service**

City of El Paso-Planning & Economic Development
Two Civic Center Plaza-5th Floor
El Paso, Texas 79901

Attention: Mr. Justin Bass
Planner

Reference: Sunset Terrace Unit Four-Modification Letter

Dear Mr. Bass:

On behalf of the Developer for the above referenced development, we are requesting modifications to the subdivision regulations. These modifications will include the following adjustments:

Modification No. 1: 50 foot Roadway

This modification shall consist of a 50 foot roadway cross-sections with 2-16 foot paved driving lanes with 6 inch curb and gutter on both sides of the roadway, 2-4 foot parkways abutting the curb and 2-5 foot concrete sidewalks.

Modification No. 2: Hike & Bike Trail

This modification shall consist of an 11 foot wide hike & bike trail cross section with 2- 6 inch x 12 inch concrete header curbs at the outer limits, and consisting of a 1-1/2 inch HMA top surface, a 6" compacted aggregate base course with 8" compacted subgrade foundation.

Modification No. 3: Pedestrian R.O.W.

This modification shall consist of a 10 foot wide pedestrian row with 6-ft high rock walls at the r.o.w. line, and with a cross-section of 2- 6 inch x 12 inch concrete header curbs at the outer limits, and consisting of a 1-1/2 inch HMA top surface, a 6" compacted aggregate base course with 8" compacted subgrade foundation.

If you have any questions regarding this issue, please do not hesitate to call me at office number 915.544.5232. We thank you for your cooperation on this issue and look forward to your favorable consideration to our request.

Sincerely,
CEA Group
